Get Started

Meet with a PandoLogic representative to determine which solution works best for you.

1

We'll scrape your job site, and our technology will optimize your open roles.

Our team will help to establish your job advertising needs with pandoIQ.

2

Our team will work with you to set goals and budget for your roles. Once you approve, your campaign goes live.

We'll then work with you to determine your screening questions and create your chat for dedicated roles.

3

View your real-time dashboard to track insights and campaign performance.

View applicants for your roles and their chat responses in your own management dashboard.
